Message about VOH on back of each card

This card was designed by the children of the Village of Hope, a school in rural Haiti about 30 miles east of Port-au-Prince. The Village of Hope was founded 20 years ago by missionary Carol Herget who started by teaching 40 three year olds in a field under a tarp. Since then the Village of Hope has grown with the support of many congregations and individual contributors. Today it educates and provides food to over 600 children from age 3 to grade 13. A new Health Center at Village of Hope will serve students, teachers, and their families.

All proceeds from your purchase support the ministry of Village of Hope Lazarus Project. If you wish to know more about the Village of Hope Lazarus Project and how you can aid this ministry by making a donation, sponsoring a child or going on a mission trip, visit [www.VillageofHopeHaiti.org](http://www.VillageofHopeHaiti.org)

The children at Village of Hope created these wonderful Christmas and Greeting card designs during the Enrichment week using the skills they learned in watercolor and design. They had fun and were quite proud of their artwork.

These cards are a wonderful way to share the blessing of Christmas and spread the word about VOH. Each box will include 16 cards: 4 of each of the 4 designs for \$20. The other option is a box of 16 cards with the 'generic' Sunny Home design which can be used for many occasions, also \$20. (note: since these cards are priced at or below fair market value they are not tax deductible)

For those of you in the DC area we are going to need some help to fold, sort, box and ship the cards in October. We will do this at Lord of Life, Clifton, VA campus on Saturday, October 29. Let me know if you and others from your church could help on that date.

To order your boxes of cards please contact your church coordinator. If you do not know if you have one or if you would like to be the coordinator for your congregation or group of friends, family and co-workers, please contact Bruce Petersen at [brucepetersen1@verizon.net](mailto:brucepetersen1@verizon.net) or 703-978-7519
